Skills

- **Languages**: C++, Python
- **Data Science**: Linear & Logistic Regression, Data Cleaning, Exploratory Data Analysis (EDA)
- **Libraries**: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn
- **Tools/Platforms**: MySQL Workbench, Excel, Power BI, NetBeans
- **Soft Skills**: Problem-Solving, Analytical Thinking, Effective listener, Adaptability

Projects

- **Restaurant Management System |** Jul' 2025
  - Developed to streamline restaurant operations by managing menus, customer orders, and billing workflows through a unified system.
  - Implemented using Java, Swing-based GUI components, MySQL database, and JDBC, with data structure logic optimizing order and record processing.
  - Resulted in faster order handling, reduced manual errors, and improved overall operational efficiency.
    Tech: java, Swing (GUI), MySQL, Data Structures, JDBC, NetBeans
- **Healthcare Data Analysis and Visualization |** Apr' 2025
  - Created to extract meaningful insights from a large healthcare dataset and evaluate patient and hospital performance metrics.
  - Executed data cleaning and exploratory analysis using Python, Pandas, NumPy, and visual analytics through Seaborn.
  - Delivered clear analytical findings, revealed performance trends, and supported evidence-based conclusions
    Tech: Python, Pandas, NumPy, Seaborn

Summer Training

- **Fundamentals of Data Structures – Learn, Apply, and Build Projects |** Jul' 2025
  Lovely Professional University
  - Completed to strengthen understanding of core data structures and their role in efficient problem solving.
  - Covered arrays, linked lists, stacks, queues, trees, graphs, and hash tables, and practiced implementation through Java, Swing-based GUI components.
  - Enhanced application-building ability by applying concepts to small projects and improving logic development and coding efficiency.
    Tech: Java, Swing (GUI)

Certificates

- Computational Theory by Infosys **|** Jul' 2025
- Deep Learning by NPTEL **|** Apr' 2025
- Responsive Web Design by freeCodeCamp **|** Nov' 2023

Extra-Curricular Activities

- **Community development Project (Garhbeta Bandhu Somaj) |** Jul' 2024
  Participated in social initiatives including tree plantation and a blood donation camp.
- **THE CODE OF DUTY-Web Hackathon |** Mar' 2024
  Built a functional web project within a limited timeline.

Education

- **Lovely Professional University** Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.0*** *Aug' 2023 – Present*
- **Vidyasagar Vidyapith** West Midnapore, West Bengal
  Intermediate; ***Percentage: 65*** *Mar' 2022 – Mar' 2023*
- **Panchagrami Saradamoni Vidyapith** West Midnapore, West Bengal
  Matriculation; ***Percentage: 91*** *Feb' 2020 – Feb'2021*
